Aon offers value and flexibility

Here at Aon, we understand you've got better things to do than fill in forms and answer numerous questions. That's why we've designed a policy that takes the hard work out of organising insurance.

Our global network and expertise allows us to deliver responsive and innovative risk solutions so you can focus on growing your business.

Designed to provide the flexibility you need with a minimum of fuss, our policy includes:

- Property – loss or damage to property and/or contents
- Public and product liability – damage to property or injury to someone
- Business interruption – loss of revenue.

Aon also recognises that different businesses have different needs, so if you want to increase limits or need special conditions, we can tailor an insurance solution for you. We've also made it easy to exclude parts of the cover so you don't have to pay for cover you don't want.
